

PRODUCT GUIDANCE SHEET

MAGIC LIFT OFF

READY TO USE FOAMING ACID HARD SURFACE CLEANER

LIFT OFF: A fast-acting acidic foaming cleaner to rapidly remove soap scum and lime scale deposits from taps, tiles, sinks and bathroom fittings leaving a pleasant fresh fragrance. Suitable for a wide variety of cleaning operations in washrooms, healthcare, housekeeping, leisure and building services applications.

Product Name:	MAGIC LIFT OFF
Description:	Ready to use perfumed acidic multi-purpose cleaner
Pack Size(s):	6x750ml
Pallet Size(s):	100
Product Code(s):	1208000

HOW TO USE

MAGIC LIFT OFF is used directly from the bottle as a ready to go solution and requires no dilution with water.

- For use on walls, toilets, showers, tables and all other hard surfaces, the formulation cleans effortlessly without smearing.
- Please use in well ventilated areas and avoid breathing the spray.

- Remove gross debris and spray foam directly onto the surface or equipment. Depending on the degree of soiling, allow several minutes for the product to penetrate the soiling or lime scale deposits.
- Agitate heavily soiled areas if necessary then rinse the surface thoroughly with fresh water to flush away all residues to leave a fresh clean surface. For heavy lime scale deposits, apply product a second time before rinsing.
- **Caution:** Do not use on copper, aluminium or painted surfaces, coloured, worn, damaged or cracked enamel surfaces or acid sensitive natural stones such as marble, granite and limestone. If in doubt, always check on an inconspicuous area first.

SAFETY ADVICE

DANGER Causes severe skin burns and eye damage. Wear protective gloves/ eye protection/ face protection. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor.

FOR PROFESSIONAL USE ONLY

COSHH STATEMENT

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product MSDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice.
