

PRODUCT GUIDANCE SHEET

BIOTEK CITRUS CLEAN

FLOOR & HARD SURFACE CLEANER CONCENTRATE

A concentrated perfumed multi-purpose cleaner formulated to clean floors, walls, urinals and other hard surfaces, whilst at the same time leaving a pleasant lemon fragrance. A highly versatile hard surface cleaner that can be used to remove ingrained grime from surfaces including safety flooring, vinyl, ceramic and painted surfaces.

Product Name: BIOTEK CITRUS CLEAN
Description: Concentrated perfumed floor and hard surface cleaner
Pack Size(s): 2x5Lt
Pallet Size(s): 80
Product Code(s): 1528

Product Name: BIOTEK CITRUS CLEAN 750ML BOTTLES
Description: Biotek Citrus Clean labelled spray bottles
Pack Size(s): 1x6
Product Code(s): 1536

HOW TO USE

Suitable for a wide variety of cleaning operations in housekeeping and building services applications as a damp wipe surface and floor cleaner. Cleans floors, walls, toilet cubicles, urinals, sluice rooms, wash basins, tiled areas and tables.

Can be used as a floor maintainer and can be buffed to give a satin finish. Perfect for laminate, sealed and polished wood floors. Not recommended for use on TERRAZZO flooring, aluminium or galvanised surfaces. Biotek Citrus Clean is non-biocidal and is therefore suitable for domestic cleaning applications in hospitals.

The formulation is approved by Altro Flooring (tested via Altro Evaporation Test at 25:1*) and is therefore likely to be safe to use on all similar types of safety flooring at the stated dilution to prevent colour loss.

* When tested to the Altro Evaporation Test: (Method 2, Doc No: 10.13), the Biotek Citrus Clean, manufactured by RP Adam Ltd, did not appear to cause staining or chemical/surface damage to any of the tested floor samples.

Test Certificate available in our Knowledge Area.

Clean-As-You-Go Hygiene

Remove gross debris. Spray directly onto the surface or equipment. Depending on the degree of soiling allow sufficient time for the product to penetrate the soil. Agitate heavily soiled areas if necessary, then simply wipe away with a clean cloth or absorbent paper to leave a fresh clean surface.

Biotek Citrus Clean must be diluted before use using a 30ml 5lt pelican pump, a manual wall mounted bottle/ bucket pump or via an automatic chemical/water mixing station. For a bottle cleaning solution dilute with one plunge of pelican/wall mounted manual pump per 750ml labelled Biotek Citrus Clean trigger bottle.

For a bucket cleaning solution add two to four plunges of dispenser to a 23 litre bucket of water depending on the degree of soiling.

The product is a concentrate designed for economy in use, so follow the recommended dilution rates as over concentration of chemical may cause smearing on surfaces or leave them tacky. If this happens wipe down with a damp cloth or mop with cold clean water.

SAFETY ADVICE

Concentrate and in use solutions are not classified as hazardous, however we advise that normal hygiene practices are adopted. Wear rubber gloves when using solutions and avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice if irritation occurs. **For detailed advice on safe handling and storage of the concentrated product refer to the product Safety Data Sheet.**

Keep out of reach of children. FOR INDUSTRIAL & INSTITUTIONAL USE ONLY.

Gloves

COSHH STATEMENT

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product MSDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice. **E-Mail Technical:** technical.solutions@rpadam.co.uk
